Velopex systems cleaner, is the effective way to clean and protect a Velopex processor. The special formulation helps to prolong component life and ensure the quality of radiographs.

## Velopex Systems Cleaner Fluid

For our larger machine a liquid cleaner is recommended, and the Velopex high quality cleaning solution is ideal between chemical changes.

A clean processor is the key to sharp, easy to read x-rays! Clean the modules (transport) of your Velopex Processor quickly and easily with Velopex Processor Cleaner. Now available in 3 different packages:

1 Cleaning System

4 Quarts w/Sprayer

4 Gallons

Each Velopex Cleaning Systems contains 1 Gallon of Velopex Processor Cleaner, 1 Quart w/Sprayer of Velopex Processor Cleaner, 1 Velopex Wash Tub, 1 scrub Pad, 4 Velopex Intra and Sprint Clean-up sheets, 4 Velopex Xtender Clean-up sheets, 4 Velopex Visccheck Control Strips.
